

PRESS RELEASE

ASLAN PHARMACEUTICALS TO PRESENT AT THE 2017 TAIWAN DRUG DEVELOPMENT & MEDICAL DEVICE SYMPOSIUM

Singapore, 18 April 2017 – ASLAN Pharmaceuticals (ASLAN), a biotech company focused on the development of immunotherapies and targeted agents for Asia prevalent tumour types, today announced that it will be presenting at the 2017 Taiwan Drug Development & Medical Device Symposium, which will take place from 25-26 April 2017 at the National Taiwan University Hospital (NTUH) International Convention Center in Taipei, Taiwan. The Company will also sponsor a lunch held in honour of VIPs and distinguished guests on 25 April.

Dr Carl Firth, Chief Executive Officer of ASLAN, will lead two sessions on business development on 25 April:

1. 'Deal Term Structure and Valuation', from 2.00pm – 3.20pm; and
2. 'Forecasting & Market Analysis, Presenting your Pitch & Negotiating the Deal', which will take place from 3.40pm – 5.00pm.

Through the sessions, Dr Firth will share ASLAN's approach and experience in drug development as an international biotech company, providing participants with insights that will strengthen their capabilities to enhance Taiwan's local biotech ecosystem.

Organised by SPARK Taiwan, the symposium provides an opportunity for attendees to develop their capabilities in drug development, regulatory writing and business development. SPARK Taiwan is an initiative by Taiwan's Ministry of Science and Technology, and the Taiwan Supra Integration and Incubation Centre (SI²C) which seeks to promote the development of the local pharmaceutical and medical device industry.
